ARMY AND NAVY NOTES.

The officers at Fort Barrancas were invited out to the battleship Missouri last Tuesday to watch the target practice. Captain Lyon, Captain Hilton, Captain Stephens, Captain Hatch, Captain Hase, Captain Perry, Dr. Ford and Lieutenants Storck, Watson, Coward, Myers and Andruss availed themselves of the opportunity, going out on the Baker in the morning and back in the evening. Captain Wm. S. Cowles, in command of the Missouri, and the other officers of the ship entertained the Post officers at luncheon and Lieutenant-Commander Wm. S. Sims, inspector of rifle practice for the Navy, made a thorough explanation of their system of practice.

A very interesting and amusing game of baseball was played on Monday afternoon between the married officers and the bachelor officers of the post with the result of seven to six for the married officers. Before the game was finished all parties joined in escorting the umpire off the field, but the playing did not become any more brilliant with the new um-

pire. The band furnished appropriate music for the occasion.

On Thursday afternoon the Alabama played a game with Barrancas with a score of 20 to 11 in favor of Barrancas.

On Friday morning a very interesting field day was held at Fort Barrancas. Twenty-five dollars was appropriated by the Post Exchange and divided up for prizes.

A SMART WALKING SUIT.

The loose coat has by no means lost favor, despite the fact that many tighter garments for spring are shown. For the young girl and the slender young lady it is especially effective. This Scotch tweed mixture shows a touch of smartness in the arrangement of the straight bands, over which the coat proper is scalloped and apparently buttoned. A narrow white pique vest and a flat collar of the pique, overlaid with soutache braid, finished with a tiny lace frill, are effective touches. The skirt is of the plaited variety, stitched half way to the knee.

ents, Lieut. J. P. Parker, wife and daughter, Mr. and Mrs. Denham, Mr. Robert Denham, Mr. and Mrs. Lewis Willis and Miss Willis, Mr. Sam Fasco, Mr. Norman Garrett, Paymaster Williams recently detached from his ship to the navy yard, Mr. C. L. Shine and Mr. Strubwick.

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case."

Mrs. Emma Sawyer, Conway, Ga.
